

Stanford University
2019 Conference Agenda
Frances C. Arrillaga Alumni Center – McCaw Hall
326 Galvez Street, Stanford, CA 94305-6105
September 24 – 26, 2019

TUESDAY, SEPTEMBER 24, 2019

08:00	Registration & Light Breakfast – Frances C. Arrillaga Alumni Center – McCaw Hall
09:00	Welcome from Leadership
	Integrative Early Detection through Multiple Technologies <i>Session Chairs:</i> <i>Gordon Mills (OHSU)</i> <i>and Tony Ng (King’s College London)</i>
09:15	Speakers: Tony Ng – Kings College London Victor Velculescu – Johns Hopkins University Stephen Gould – Johns Hopkins University Jason Locasale – Duke University
11:50	Poster Lightning Talks
12:20	Lunch Break & Poster Viewing
	Prognostic Early Detection: How Can We Differentiate Indolent from Progressive Cancers when Looking at Early or Pre-Cancerous Lesions in Different Tissues? <i>Session Chairs:</i> <i>Denise Aberle (UCLA)</i> <i>and Tanya Stoyanova (Canary Center at Stanford)</i>
14:20	Speakers: James Brooks – Stanford University Sam Janes – University College London Jelle Wesseling – Netherlands Cancer Institute Daniel Lin – University of Washington
17:00	Reception / Networking – Frances C. Arrillaga Alumni Center – McCaw Hall

WEDNESDAY, SEPTEMBER 25, 2019

08:30	Light Breakfast – Frances C. Arrillaga Alumni Center – McCaw Hall
09:00	Welcome & Recap
	Signals from Beyond the Tumor: Role of Tumor Microenvironment and Immune System in Early Cancer Detection <i>Session Chairs:</i> <i>Mark Davis (Stanford University)</i> <i>and Amanda Lund (OHSU)</i>
09:05	Speakers: Jennifer Wargo – MD Anderson Cancer Center Garry Nolan – Stanford University Sheila Stewart – Washington University Mark Davis – Stanford University
11:40	Poster Lightning Talks
12:00	Lunch Break & Poster Viewing
13:50	Late Breaking Results: TRACERx Study • Charles Swanton – The Francis Crick Institute
	Integrative Susceptibility for Early Detection: How Can We Go Beyond Traditional Risk Factors, Integrating Across Measures, to Better Select Populations at Higher Risk of Cancer? <i>Session Chairs:</i> <i>Antonis Antoniou (University of Cambridge)</i> <i>and James Ford (Stanford University)</i>
14:20	Speakers: Allison Kurian – Stanford University Paul Pharoah – University of Cambridge Gerrit Meijer – Netherlands Cancer Institute Suzette Delalogue – Gustave Roussy Institute
17:30	Dinner Reception – Stanford Stadium

THURSDAY, SEPTEMBER 26, 2019

08:30	Light Breakfast – Frances C. Arrillaga Alumni Center – McCaw Hall
09:00	Welcome & Recap
	Special Presentation: Artificial Intelligence / Machine Learning Challenges and Opportunities for Early Detection • Jim Brase – Lawrence Livermore National Laboratory
	Fostering a Translational Mentality in Early Detection Research <i>Session Chairs:</i> <i>Ruth Etzioni (Fred Hutchinson Cancer Research Center)</i> <i>and George Hanna (Imperial College London)</i>
09:45	Speakers: Philip Castle – Albert Einstein College of Medicine Douglas Owens – Stanford University Fiona Walter – University of Cambridge Julie Barnes – Abcodia <i>(Session will have a short break between 10:20 – 10:40)</i>
12:20	Poster Lightning Talks
12:35	Lunch Break & Poster Viewing
	Final Discussion Chairs:
14:00	Sharon Pitteri – Canary Center at Stanford Ashok Venkitaraman – University of Cambridge Bree Mitchell – Oregon Health and Science University
15:30	Meeting Close
